

**War Materials
Put on Display**

Rare and interesting objects dealing with the first World War are on display in the Fox Sequoia Theater during the engagement of "The Fighting 69th."

The local engagement opened yesterday with a flag dedication observed in connection with an American Legion theater party.

The Rev. Schuyler Pratt loaned the theater a colorful array of wartime posters. Among his collection are also a dough-boy helmet, German rank insignias, French money, the familiar "Got Milk Uns" German buckles and officer's cigarette lighters, various bullets, and a gas mask and knapsack.

Mrs. D. G. Schiel, who, as Rose Clarke, served in the American Red Cross in the front lines, has contributed other interesting articles, including several leaflets printed in Germany and scattered by airplane over the Allied trenches. Also among her contributions are several shells, dated 1906 and 1914, and not used until 1918, which give some idea as to the German defense provisions.

Her husband, D. G. Schiel, of the 89th Division, has on display a prize German lugre and leather holster, like those carried by the German officers during the war.

Floyd D. Granger, chairman of the Americanization committee of the local legion arranged additional display material, including Springfield army rifles and passes from the wartime military police department offices.

These may all be viewed during the engagement of "The Fighting 69th," which closes its Sequoia Theater engagement Saturday night.

'HIS GIRL FRIDAY' GETS TOLD OFF!

Cary Grant and Rosalind Russell, co-starred at the Fox Sequoia Theater in Columbia's sparkling romance, "His Girl Friday," are shown above in one of the many hilarious scenes. Miss Russell, cast as a newspaperwoman and ex-wife of Grant, plans to marry Ralph Bellamy. Mr. Grant has no intention of letting her do any such thing, claiming she's "His Girl Friday" Saturday, Sunday and every other day! This picture, which deals with newspaper people, and the hectic lives they lead in the pursuit and the printing of their news, opens at the Sequoia on Sunday, "Little Accident" with Baby Sandy and Hugh Herbert complete the bill.

**Three Times
Around World**

A California motorist may drive three times the distance around the world (always on a different road) but never leave his home state.

This is an interesting fact evolved from statistics of road mileage recently received by F. W. Gibbs, branch manager for General Petroleum Corp., from the American Petroleum Industries Committee.

"It's worth knowing," says the Mobilgas executive, "that there are 74,286 miles of road in this state, as compared with the distance of 25,000 miles around the earth."

"Showing how well California is prepared to take care of its fast-growing motor traffic, 13,642 miles of the highways in this state have been improved with paving of various types. This means one could travel in California, on improved roads, more than half the distance around the earth. If he continued his travels until he had once covered every artery in the state, both improved and unimproved roads and streets, he would motor 74,-

\$4000 Summer Home Destroyed by Fire

Flames destroyed the \$4000 Summer home of Alex Esonne, maintenance superintendent for a Menlo Park elementary school, at the Skyline Blvd.-La Honda Rd. Intersection Sunday. Four cabins within a 100-foot radius were endangered by the fire, according to Fire Warden Bert L. Werder. All available equipment was sent to the scene at 10:05 p.m.

Werder said the fire probably started in a defective flue. He reported that Esonne left the premises at 5 p.m. after spending the weekend there. He left a

fire burning in the kitchen stove. Neighbors first saw the blaze and ran nearly half a mile to the La Honda Summit fire station. When firemen arrived flames were shooting through the windows. Firemen limited their efforts to saving the adjoining bungalows, some of which were scorched by the heat.

Only \$1700 of the loss was covered by insurance, Werder reported.

al standpoint is the German proclamation of the assassination of a French spy, David Honore, who, according to reports, was a relative of Manager Hal Honore of the Fox Sequoia Theater, who traces his French ancestry as far back as 1686, and whose ancestors served the tri-colors through many generations.

WINTER REVEALS HER MAGIC TOUCH

Nowhere in the world is there winter scenery to top what we have right here in our wonderful West. This gay snow party has alighted from its Greyhound bus long enough to admire an inspiring view of Donner Lake in California's High Sierras. This sparkling, crystal-clear lake is set like a jewel among snow-covered mountains, sprinkled with evergreens. Snow sports are at their best in our many western winter wonderlands and easily accessible by Greyhound over broad all-year highways.

New Hudson Eight De Luxe Sedan

This new Hudson Eight De Luxe Sedan, just announced by the Hudson Motor Car Company, is on display here today for the first time. Distinguished by a lavish comple-

ness of De Luxe equipment, this new model is available in two-door and four-door body types, mounted on 118-inch wheelbase. Powered with the sensationally performing 128-

horsepower Hudson engine, the new De Luxe Eight is a royal cousin to the luxurious Hudson Country Club models, also on display, and offers fine car luxury at new low cost.

A new model Hudson Eight De Luxe Sedan and Country Club models are on display today for the first time at the showrooms of Bourquin Motors, Hudson dealers here.

The new Hudson Eight De Luxe Sedans are distinguished by a completeness of de luxe equipment and are available in two-door and four-door body types on 118-inch wheelbase. These new cars are powered with the same 128-horsepower Hudson engine which captured 34 official American Automobile Association performance records, as well as new officially supervised economy marks, on the Bonneville Salt Flats in Utah.

"These new Hudsons are de luxe models of the Hudson Eight, known as America's lowest priced straight eight, and are royal cousins to the luxurious Country Club models," Mr. Bourquin said in announcing the first display of the new cars here. "Their ad-

Pantomimist To Aid Father, Son Dinner

The addition of George Archambeault, pantomimist, to the list of entertainers completes the program for the community Father and Son Banquet Feb. 27, according to W. Earl Whitaker, president of the Menokirk Club, which is sponsoring the event. Archambeault, a senior at San Francisco State College, specializes in acting without words, playing his parts by action, movement and facial gesture.

Musical numbers include accordion solos by Armand Etiopi and selections on the ocarina by William Dusel. Community singing is to follow the banquet, to be served at 6:45 in the social hall of the Methodist Church.

The address of the evening will be by Judge Twain Michelson, judge of the municipal court of San Francisco.

Tickets may be secured by telephoning Diego Moyano, secretary, 2298-J, not later than Friday of this week.

Club. G. V. Shields was chairman.

Better Light
HELPS KEEP EYES RIGHT!

People say modern lighting that is "easy on the eyes" makes the eyes feel better . . . and they are right!

Good lighting brings out the beauty of home furnishings. It aids personal beauty, too.

Light that is glaring brightness or that is dim and gloomy makes hard work of seeing. It causes squints, frowns and scowls and brings on many premature wrinkles and face-lines. Good, modern lighting merely means the right kind of light, and the right amount of light where you read or sew or use your eyes. And you can have it easily, quickly, inexpensively. A Home Lighting Recommendation chart made out for your home will fit lighting to serve the exact seeing-needs in your home. This is a free service and there is no obligation. Hundreds are light conditioning their homes. Why not you?

Auto Costs Exemptions

Here are a few suggestions for motorists which will help relieve that headache around Mar. 15, deadline date for federal income tax returns. According to Harry Dearborn, Chrysler-Plymouth dealer here, motorists may make substantially the same deductions on the operation of their automobiles under both federal and state income tax laws.

The following deductible items were listed by Dearborn: Registration fees, license fees, personal property and municipal taxes.

Financing charges, not including insurance, also interest on money borrowed to purchase the automobile.

Insurance on automobiles used for business purposes.

Operating and service maintenance, depreciation on car used entirely for business purposes, or a share of such expenses where

Woman Is Convicted On Narcotics Charge

Mrs. Lillian Herald, former Colma tavern owner, became a three-time loser on narcotics charges on Tuesday afternoon when she was convicted by Superior Judge A. R. Cotton of possession of morphine and sentenced to serve 30 days in the county jail. She was granted a stay of execution until Tuesday at 10 a. m.

Coincident with the judgment, Probation Officer Francis Robinson announced he would file an order with the district attorney's office ordering revocation of probation for Mrs. Herald, also known under the names of Moore, Boni and Bonasetti, on a Colma conviction in 1938, in

which she was found guilty of transportation and sale.

Dep. Dist. Atty. Burrell Karmel, who prosecuted the case yesterday, said that a hearing on the revocation order will be held, and that if the order stands, Mrs. Herald will be re-sentenced on the former charge.

The importation of horned cattle from Scotland and Ireland into England was prohibited by law in 1663.

Cost of damage to either property or persons when the automobile was being used for business purposes.

When a car is used for business and sold for less than its depreciated value, the difference may be deducted. This does not include instances where the car is traded in on a new car at a lower price than its depreciated value. However, such depreciation can be deducted on the following year.
